THE CHAMBER
OF SOUTHERN ARIZONA

MISSION:

Regional Development & Job Creation in Southern Arizona

Our mission is to drive sustainable economic growth and job creation in Southern Arizona by uniting business advocacy and economic development strategies to foster a thriving business ecosystem. We aim to position Tucson and Southern Arizona as a leading economic hub through targeted business attraction, retention programs, talent development and small-business resources. Our focus includes competitive business practices, effective public policy advocacy and developing emerging business leaders.

OUR STORY:
BUILDING SOUTHERN ARIZONA'S BUSINESS FUTURE

A Legacy of Leadership, A Vision for the Future

The Chamber of Southern Arizona is built upon the strong foundations of two influential organizations. The Tucson Metro Chamber, with its rich history dating back to 1896, has been a steadfast advocate for Tucson business development, serving thousands of businesses and employees and ensuring a strong commitment to business networking and success. Sun Corridor Inc. brought a regional perspective, coordinating economic development activities across Southern Arizona to facilitate primary job and investment growth. Together, a new focus on creating a competitive environment for businesses to flourish and driving sustainable growth has emerged.
